

## A Bibliography of A. R. Luria's Publications in the English, French, and German Languages\*

### A. Bibliography

1922

1. Kasaner Psychoanalytische Vereinigung (Sitzungsbericht). Internationale Zeitschrift für Psychoanalyse 8, 523–525

1923

2. Rezension über: K. Sotonin, Die Idee der philosophischen Klinik. Internationale Zeitschrift für Psychoanalyse 9, 103–105
3. Rezension über: K. Sotonin, Die Temperamente. Internationale Zeitschrift für Psychoanalyse 9, 102–103
4. Kasaner Psychoanalytische Vereinigung (Sitzungsberichte). Internationale Zeitschrift für Psychoanalyse 9, 114–117; 238–239

1924

5. Russische Psychoanalytische Vereinigung (Sitzungsbericht). Internationale Zeitschrift für Psychoanalyse 10, 113–115

1925

6. Russische Psychoanalytische Vereinigung (Sitzungsbericht). Internationale Zeitschrift für Psychoanalyse 11, 136–137
7. Die Psychoanalyse in Rußland. Internationale Zeitschrift für Psychoanalyse 11, 395–398

---

\* Compiled by Eckart Scheerer and Peter Elliger (Ruhr-Universität Bochum). We gratefully acknowledge the assistance of Donna Vocate (University of Denver) who supplied some references that had escaped our attention. Requests for offprints should be addressed to Eckart Scheerer, Universität Oldenburg, FB 1—Psychologie, Birkenweg 3, D-2900 Oldenburg, Federal Republic of Germany

## 1926

8. Die moderne russische Physiologie und die Psychoanalyse. *Internationale Zeitschrift für Psychoanalyse* 12, 40–53
9. Russische Psychoanalytische Vereinigung (Sitzungsberichte). *Internationale Zeitschrift für Psychoanalyse* 12, 125–126; 227–229

## 1927

10. Russische Psychoanalytische Vereinigung (Sitzungsbericht). *Internationale Zeitschrift für Psychoanalyse* 13, 266–267

## 1928

11. Psychology in Russia. *Journal of Genetic Psychology* 35, 347–355
12. The problem of the cultural behavior of the child. *Journal of Genetic Psychology* 35, 493–506
13. Die moderne Psychologie und der dialektische Materialismus. Unter dem Banner des Marxismus 2, 506–524

## 1929

14. Lebedinski, M.S., Luria, A.R.: Die Methode der abbildenden Motorik in der Untersuchung der Nervenkranken. *Archiv für Psychiatrie und Nervenkrankheiten* 87, 471–497
15. The new method of expressive motor reactions in studying affective traces. *Proceedings of the 9th International Congress of Psychology*, 294–296
16. Review of: *The Journal of Psychology, Pedology and Psychotechnics*. *Journal of Genetic Psychology* 36, 491–496
17. Die Methode der abbildenden Motorik bei Kommunikation der Systeme und ihre Anwendung auf die Affektpsychologie. *Psychologische Forschung* 12, 127–179
18. Vygotsky, L.S., Luria, A.R.: The function and fate of egocentric speech. *Proceedings of the 9th International Congress of Psychology*, 464–465

## 1930

19. Review of: M. Bassov, *General Principles of Pedology*, Moscow-Leningrad, 1928. *Journal of Genetic Psychology* 37, 176–178
20. Die Methode der abbildenden Motorik in der Tatbestandsdiagnostik. *Zeitschrift für angewandte Psychologie* 35, 139–183

## 1931

21. Psychologische Expedition nach Mittelasien. *Zeitschrift für angewandte Psychologie* 40, 551–552

## 1932

22. *The Nature of Human Conflicts or Emotion, Conflict and Will. An Objective Study of Disorganisation and Control of Human Behavior*. New York: Liveright (New York: Grove Press 1960; New York: Washington Square Press 1967)
23. Psychological expedition to Central Asia. *Journal of Genetic Psychology* 40, 241–242

## 1933

24. The second psychological expedition to Central Asia. *Science* 78, 191–192 (= *Journal of Genetic Psychology* 1934, 44, 255–259)

## 1935

25. Professor L.S. Vygotsky (1896–1934). *Journal of Genetic Psychology* 46, 224–226 (= *Character and Personality* 1935, 3, 238–240)
26. [Report from] Russia. *Character and Personality* 3, 350–351

## 1936

27. The development of mental functions in twins. *Character and Personality* 5, 35–47

## 1937

28. Vues psychologiques sur le développement des états oligophrènes. I. Congrès International de Psychiatrie Infantile, Paris, Vol. 3, 135–145

## 1952

29. Hauptprobleme der Klinik der Herdschädigungen des Gehirns im Lichte der Ideen I.P.Pawlows. *Pawlow-Zeitschrift für höhere Nervenätigkeit* 2, 869–896

## 1954

30. [Diskussionsbeitrag]  
in: Wissenschaftliche Tagung über die Probleme der physiologischen Lehre I.P. Pawlows, pp. 758–764. Berlin: Verlag Kultur und Fortschritt (= 40. Beiheft zur 'Sowjetwissenschaft')

## 1956

31. Die regulierende Funktion der Sprache bei der Bildung willkürlicher Bewegungen. *Pawlow-Zeitschrift* 6, 355–374

## 1957

32. The role of language in the formation of temporary connections. In: *Psychology in the Soviet Union*, Simon, B. (ed.), pp. 115–129. Stanford Cal.: Stanford University Press (London: Routledge 1957)
33. Psychopathological research in the USSR. In: *Psychology in the Soviet Union*, Simon, B. (ed.), pp. 279–287. Stanford, Cal.: Stanford University Press (London: Routledge 1957)
34. Die regulierende Rolle der Sprache in der normalen und anormalen Entwicklung. *Zeitschrift für ärztliche Fortbildung* 51, 903–908

## 1958

35. Leontjew, A.N., Luria, A.R.: Die psychologischen Anschauungen L.S. Wygotskis. *Zeitschrift für Psychologie* 162, 166–205 (also in: L.S. Wygotski, *Denken und Sprechen*, pp. 1–33. Berlin: Akademie-Verlag 1964)

36. Brain disorders and language analysis. *Language & Speech* 1, 14–34 (= *Neurolinguistics* 1977, 6, 21–44)
37. Dynamic approach to the mental development of the abnormal child. *Journal of Mental Deficiency Research* 2, 27–52

## 1959

38. Experimental analysis of the development of voluntary action in children. In: *The Central Nervous and Behavior: Selected Translations from the Russian Medical Literature*, pp. 529–535; 556–574. Bethesda, Md.: US Department of Health, Education and Welfare
39. The directive function of speech: I: Its development in early childhood. II: Its dissolution in pathological states of the brain. *Word* 15, 341–352; 453–464 (also in: *Child Language: A Book of Readings*, Bar-Adon, A., Leopold, W.F. (eds.), pp. 185–199. Englewood Cliffs, N.J.: Prentice-Hall 1971)
40. Experimental study of the higher nervous activity of the abnormal child. *Journal of Mental Deficiency Research* 3, 1–22
41. Disorders of 'simultaneous perception' in a case of bilateral occipitoparietal brain injury. *Brain* 87, 437–449
42. Luria, A.R., Vinogradova, O.S.: An objective investigation of the dynamics of semantic systems. *British Journal of Psychology* 50, 89–105
43. Luria, A.R., Yudovich, F.Y.: *Speech and the Development of Mental Processes in the Child: An Experimental Investigation*. London: Staples Press (Baltimore, MD: Penguin Books 1972; Harmondsworth: Penguin 1971)

## 1960

44. Verbal regulation of behavior. In: *The Central Nervous System and Behavior: The 3rd Macy Conference*, Brazier, M.A.B. (ed.), pp. 359–421. Bethesda, MD.: National Institute of Health
45. Experimental analysis of the development of voluntary action in children. In: *Perspectives in Personality Research*, David, H.P., Brengelmann, J.C. (eds.), pp. 139–149. New York: Springer Publishing Co.
46. Differences between disturbances of speech and writing in Russian and in French. *International Journal of Slavic Linguistics* 3, 13–22 (= *Neurolinguistics* 1977, 6, 118–129)

## 1961

47. *The Role of Speech in the Regulation of Normal and Abnormal Behavior*. Oxford etc.: Pergamon Press; New York: Liveright
48. An objective approach to the study of the abnormal child. *American Journal of Orthopsychiatry* 31, 1–16
49. The genesis of voluntary movements. In: *Recent Soviet Psychology*, O'Connor, N. (ed.), pp. 165–185. Oxford etc.: Pergamon Press
50. Speech development in the formation of mental processes. In: *Psychological Science in the USSR*, Vol. 1, pp. 704–787. Washington, D.C.: U.S. Joint Publication Research Service No. 11466

51. Experimentelle Analyse der Entwicklung willensmäßiger Handlungen bei Kindern. In: *Perspektiven der Persönlichkeitsforschung*, Brengelmann, J.C., David, H.P. (Hsg.), pp. 107–115. Bern, Stuttgart: Huber

## 1962

52. Luria, A.R., Homskaja, E.D.: An objective study of ocular movements and their control. *Psychologische Beiträge* 6, 598–606

## 1963

53. *Restoration of Function after Brain Injury*. New York: Macmillan; Oxford, New York: Pergamon Press
54. *The Mentally Retarded Child: Essays Based on the Study of the Peculiarities of Higher Nervous Functions of Child-Oligophrenics*, Luria, A.R. (ed.). New York: Macmillan
55. The variability of mental functions as the child develops (based on a comparative study of twins). *Soviet Psychology and Psychiatry* 1 (3), 17–21
56. The role of speech in the formation of temporary connections and the regulation of behavior in the normal and oligophrenic child. In: *Educational Psychology in the USSR*, Simon, B., Simon, J. (eds.), pp. 83–97. Stanford, Cal.: Stanford University Press
57. Luria, A.R., Homskaja, E.D.: Le trouble du rôle régulateur du langage au cours des lésions du lobe frontal. *Neuropsychologia* 1, 9–26
58. Luria, A.R., Pravdina-Vinarskaja, E.N., Yarbus, A.L.: Disorders of ocular movement in a case of simulatanagnosia. *Brain* 86, 219–228

## 1964

59. Factors and forms of aphasia. In: *Disorders of Language*. Ciba Foundation Symposium, de Reuck, A.V.S., O'Connor, N. (eds.), pp. 143–161. London: Churchill (= *Neurolinguistics* 6, 45–60)
60. Review of: *Some Views of Soviet Psychology*, Bauer, R.A. (ed.). *Contemporary Psychology* 9, 103–104
61. Neuropsychology in the local diagnosis of brain damage. *Cortex* 1, 3–18
62. Luria, A.R., Homskaja, E.D.: Disturbances of the regulatory role of speech with frontal lobe lesions. In: *The Frontal Granular Cortex and Behavior*, Warren, J.W., Akert, K. (eds.), pp. 353–371. New York: Mc Graw-Hill
63. Luria, A.R., Pravdina-Vinarskaja, E.N., Iarbus, A.L.: Eye-movement mechanisms in normal and pathological vision (simultaneous agnosia and optical ataxia). *Soviet Psychology and Psychiatry* 2 (4), 28–39
64. Luria, A.R., Pribram, K.H., Homskaja, E.D.: An experimental analysis of the behavior disturbances produced by a left frontal arachnoidal endothelioma (meningioma). *Neuropsychologia* 2, 257–280
65. Luria, A.R., Tsvetkova, L.S.: The programming of constructive activity in local brain injuries. *Neuropsychologia* 2, 95–108

## 1965

66. Neuropsychological analysis of focal brain lesions. In: *Handbook of Clinical Psychology*, Wolman, B.W. (ed.), pp. 689–754. New York: McGraw Hill
67. Two kinds of motor perseverations in massive injury of the frontal lobes. *Brain* **88**, 1–10
68. Aspects of aphasia. *Journal of Neurological Science* **2**, 278–287
69. L.S. Vygotsky and the problem of localization of functions. *Neuropsychologia* **3**, 387–392
70. Le cerveau et le psychisme. *Recherches Internationales à la Lumière du Marxisme* **46**
71. Luria, A.R., Tsvetkova, L.S., Futer, J.C.: Aphasia in a composer. *Journal of Neurological Science* **2**, 288–292 (= *Neurolinguistics* 1977, **6**, 139–144)

## 1966

72. *Higher Cortical Functions in Man*. New York: Basic Books; London: Tavistock
73. *Human Brain and Psychological Processes*. New York, London: Harper & Row
74. Kurt Goldstein and neuropsychology. *Neuropsychologia* **4**, 311–313
75. Brain and mind. *Soviet Psychology and Psychiatry* **4**, (3–4), 62–69
76. La fonction régulatrice du langage dans son développement et sa dégradation. In: *Recherches psychologiques en URSS*, pp. 177–206. Moscou: Progrès
77. Luria, A.R., Karpov, B.A., Yarbus, A.L.: Disturbances of active visual perception with lesions of the frontal lobes. *Cortex* **2**, 202–212
78. Voronin, L.G., Leont'ev, A.N., Luria, A.R., Sokolov, E.N., Vinogradova, O.S.: *Orienting Reflex and Exploratory Behavior*. Washington, D.C.: American Institute of Biological Sciences

## 1967

79. Problems and facts of neurolinguistics. In: *To Honor Roman Jakobson*. Vol. 2, pp. 1213–1227. The Hague, Paris: Mouton (= *Janua Linguarum Series Maior* 32)
80. L.S. Vygotsky and the problem of functional localization. *Soviet Psychology* **5** (3), 53–57
81. Neuropsychology and its significance for behavioral sciences and medicine. *Psychologia: An International Journal of Psychology in the Orient* **10**, 1–6
82. Problèmes et faits de la neurolinguistique. *Revue Internationale des Sciences Sociales* **19**, 39–55
83. Brain and conscious experience: A critical note from the U.S.S.R. of the symposium edited by J.C. Eccles (1966). *British Journal of Psychology* **58**, 467–476
84. Die Entwicklung der Sprache und die Entstehung psychischer Prozesse. In: *Ergebnisse der sowjetischen Psychologie*. Hiebsch, H. (Hsg.), pp. 465–546, Berlin: Akademie-Verlag (Stuttgart: Klett 1969)
85. La rééducation de malades atteints de lésions cérébrales et sa portée psychopédagogique. *Bulletin de Psychologie* **20**, 880–889

86. Luria, A.R., Homskaja, E.D., Blinkov, S.M., Critchley, M.: Impaired selectivity of mental processes in association with a lesion of the frontal lobe. *Neuropsychologia* 5, 105–117
87. Luria, A.R., Sokolov, E.N., Klimkowski, M.: Towards a neurodynamic analysis of memory disturbances with lesions of the left temporal lobe. *Neuropsychologia* 5, 1–11
88. Luria, A.R., Tsvetkova, L.S.: *Les troubles de la résolution de problèmes, analyse neuropsychologique*. Paris: Gautier Villard
89. Luria, A.R., Tsvetkova, L.S.: Towards the mechanisms of 'dynamic aphasia'. *Acta neurologica et psychiatrica Belgica* 67, 1045–1057 (= *Foundations of Language* 4, 269–307)
90. Luria, A.R., Tsvetkova, L.S.: On the disturbance of intellectual operations in patients with frontal lobe lesions. *Soviet Psychology* 6 (2), 3–6

**1968**

91. Leontiev, A.N., Luria, A.R.: The psychological ideas of L.S. Vygotskii. In: *Historical Roots of Contemporary Psychology*, B.B. Wolman (ed.), pp. 338–367. New York: Harper and Row
92. Karpov, B.A., Luria, A.R., Yarus, A.L.: Disturbance of the structure of active perception in lesions of the posterior and anterior regions of the brain. *Neuropsychologia* 6, 157–166
93. *The Mind of a Mnemonist: A Little Book about a Vast Memory*. New York: Basic Books (London: Cape 1969)
94. The frontal syndrome. In: *Handbook of Clinical Neurology*, Vinken, P.I., de Bruyn, G.W. (eds.). Vol. 2. Amsterdam: North Holland Publishing Co.
95. Symposium on Brain Research and Human Behavior. *International Journal of Psychology* 3, 317–319
96. Luria, A.R., Karasseva, T.A.: Disturbances of auditory-speech memory in focal lesions of the deep regions of the left temporal lobe. *Neuropsychologia* 6, 97–104 (= *Neurolinguistics* 1977, 6, 145–158)
97. Luria, A.R., Sokolov, E.N., Klimkovskij, M.: Neurodynamic mechanisms of memory. *Soviet Psychology* 7 (2), 3–15

**1969**

98. Leont'ev, A.N., Luria, A.R., Smirnov, A.A., Foreword. In: *A Handbook of Contemporary Soviet Psychology*, Cole, M., Maltzman, I. (eds.), pp. V–VII. New York, London: Basic Books
99. Speech development and the formation of mental processes. In: *A Handbook of Contemporary Soviet Psychology*, Cole, M., Maltzman, I. (eds.), pp. 121–162. New York, London: Basic Books
100. The neuropsychological study of brain lesions and restoration of damaged brain functions. In: *A Handbook of Contemporary Soviet Psychology*, Cole, M., Maltzman, I. (eds.), pp. 227–301. New York, London: Basic Books

101. Neuropsychology as a science. Proceedings of the 16th International Congress of Applied Psychology, pp. XLVII–LX. Amsterdam: Swets & Zeitlinger
102. Les recherches sur le cerveau et le comportement humain. *Hygiène mentale* **58**, 1–19
103. Zentralnervensystem und menschliches Verhalten. *Ideen des exakten Wissens*, Heft 9, 535–544
104. Luria, A.R., Homskaja, E.D., Blinkov, S.M., Critchley, M.: Restoration of higher cortical functions following local brain lesions. In: *Handbook of Clinical Neurology*, Vinken, P.I., de Bruyn, G.W. (eds.), Vol. 3, pp. 368–433. Amsterdam: North Holland Publishing Co.

## 1970

105. *Traumatic Aphasia. Its Syndromes, Psychology and Treatment*. The Hague, Paris: Mouton (Janua Linguarum Series Maior 5)
106. The process of reflection under the light of modern psychology. *Psychologia: An International Journal of Psychology in the Orient* **10**, 61–74
107. The functional organization of the brain. *Scientific American* **222** (3), 66–78
108. Une prodigieuse mémoire. *Etude Psychobiographique*. Neuchâtel: Delachaux
109. Die höheren kortikalen Funktionen des Menschen und ihre Störungen bei örtlichen Hirnschädigungen. Berlin: Deutscher Verlag der Wissenschaften
110. Die bewußte Handlung, ihre Entstehung und ihre Hirnorganisation. *Sowjetwissenschaft: Gesellschaftswissenschaftliche Beiträge* **23**, 531–550
111. Luria, A.R., Artem'eva, E. Yu.: Two approaches to an evaluation of the reliability of psychological investigations (reliability of a fact and syndrome analysis). *Soviet Psychology* **8** (3–4), 271–282
112. Luria, A.R., Homskaja, E.D.: Frontal lobes and the regulation of activation processes. In: *Attention: Contemporary Theory and Analysis*, Mostofsky, D. (ed.), pp. 303–330. New York: Appleton Century Crofts
113. Luria, A.R., Judowitsch, F. Ia: Die Funktion der Sprache in der geistigen Entwicklung des Kindes. Düsseldorf: Schwann (= Sprache und Lernen 2)
114. Luria, A.R., Klimkovskiy, M.: On the organization of short-term memory by modality. *Soviet Psychology* **8** (3–4), 257–263
115. Luria, A.R., Simernitskaja, E.G., Tubyevich, B.: The structure of psychological processes in relation to cerebral organization. *Neuropsychologia* **8**, 13–19
116. Luria, A.R., Tsvetkova, L.S.: The mechanism of dynamic aphasia. In: *Progress in Linguistics*, Bierwisch, M., Heidolph, K.E. (eds.), pp. 187–197. The Hague, Paris: Mouton (= *Neurolinguistics 1977*, 6, 101–113)

## 1971

117. Leont'ev, A.N., Luria, A.R. (Geleitwort). In: *Biologie und Verhalten. Ein Reader zur sowjetischen Psychologie*, Kussmann, Th., Kölling, H. (eds.), pp. 7–9. Bern, Stuttgart, Wien: Huber
118. Memory disturbances in local brain lesions. *Neuropsychologia* **9**, 367–375

119. The origin and cerebral organization of man's conscious action. 19th International Congress of Psychology, Proceedings, pp. 37–52. London: British Psychological Society
120. Towards the problem of the historical nature of psychological processes. *International Journal of Psychology* 6, 259–272
121. L'enseignement de la psychologie à l'université de Moscou. *Bulletin de Psychologie* 25, 64
122. Luria, A.R., Cvetkova, L.S.: Intelligenzabbau bei Stirnhirnläsionen. In: *Biologie und Verhalten. Ein Reader zur sowjetischen Psychologie*. Kussman, Th., Kölling, H. (eds.), pp. 267–271. Bern, Stuttgart, Wien: Huber

## 1972

123. *The Man with the Shattered Brain. The History of a Brain Wound*. New York: Basic Books
124. Aphasia reconsidered. *Cortex* 8, 34–40 (= *Neurolinguistics* 1977, 6, 61–66)
125. [Deleted]

## 1973

126. *The Working Brain*. London: Allen Lane (= Penguin Modern Psychology Texts), New York: Basic Books
127. The quantitative assessment of levels of wakefulness. *Soviet Psychology* 12 (1), 73–84
128. Two basic kinds of aphasic disorders. *Linguistics* 115, 57–66 (= *Neurolinguistics* 6, 159–168)
129. Neurolinguistic studies in the USSR: A review. *Proceedings of the National Academy of Sciences of the USA* 70, 959–964; 1278–1283
130. Towards the mechanisms of naming disturbance. *Neuropsychologia* 11, 417–421
131. The frontal lobes and the regulation of behavior. In: *Psychophysiology of the Frontal Lobes*, Pribram, K.H., Luria, A.R. (eds.) pp. 3–26. New York, London: Academic Press
132. The long road of a Soviet psychologist. *International Social Science Journal* 15, 71–87
133. La psychologie dans le système des sciences naturelles et sociales. *Bulletin de Psychologie* 27, 1–5
134. A child's speech responses and the social environment (from 'Speech and Intellect among Rural, Urban, and Homeless Children', 1930). *Soviet Psychology* 13 (1), 7–39
135. *Psychophysiology of the Frontal Lobes*. Pribram K.H., Luria, A.R. (eds.). New York, London: Academic Press

## 1974

136. Basic problems of neurolinguistics. In: *Current Trends in Linguistics*. T. Sebeok (ed.). Vol. 12, pp. 2561–2595. The Hague: Mouton
137. Language and brain. Towards the basic problems of neurolinguistics. *Brain and Language* 1, 1–14

138. Scientific perspectives and philosophical dead ends in modern linguistics. *Cognition: International Journal of Cognitive Psychology* 3, 377–385
139. *L'enfant retardé mental*. Toulouse: Privat
140. *Sprache und Gehirn*. Sowjetwissenschaft: Gesellschaftswissenschaftliche Abteilung 27, 1285–1296
141. Zinchenko, V.P., Leont'ev, A.N., Lomov, B.F., Luria, A.R.: Parapsychology: Fiction of fact? *Soviet Psychology* 12 (3), 3–20

## 1975

142. Basic problems of language in the light of psychology and neurolinguistics. In: *Foundations of Language Development*, Lenneberg, E.H., Lenneberg, E. (eds.), Vol. 2., pp. 49–73. New York, San Francisco, London: Academic Press
143. Review of: *Child Language: A Book of Readings*. Bar-Adon, A., Leopold, W.F. (eds.). Englewood Cliffs, N.J.: Prentice-Hall 1971. *Linguistics* 148, 69–71
144. Two kinds of disorders in the comprehension of grammatical constructions. *Linguistics* 154–155, 47–56
135. A note on the organization of fluent speech in the semantic kind of amnesic aphasia. *Linguistics* 154–155, 57–60 (= *Neurolinguistics* 1977, 6, 114–117)

## 1976

146. *The neuropsychology of memory*. Washington, D.C.: Winston
147. *Basic problems of neurolinguistics*. The Hague, Paris: Mouton (= *Janua Linguarum Series Maior* 73)
148. *Cognitive Development: Its Cultural and Social Foundations*. Cambridge, Ma.: Harvard University Press

## 1977

149. Hutton, J.T., Arsenia, N., Kotik, B., Luria, A.R.: On the problem of speech compensation and fluctuating intellectual performance. *Cortex* 13, 195–207
150. On quasiaphasic speech disturbances in lesions of the deep structures of the brain. *Brain and Language* 4, 432–459 (= *Neurolinguistics* 6, 130–138)
151. Disturbances of grammatical operations in semantic aphasia. *Neurolinguistics* 6, 169–176
152. The neuropsychological analysis of transcortical motor aphasia. *Neurolinguistics* 6, 90–100
153. A modern approach to the basic forms of aphasic disorders. *Neurolinguistics* 6, 67–83
154. Die verhaltenssteuernde Funktion des Sprechens in Sprachentwicklung und Sprachauflösung. In: *Sprache—Persönlichkeit—Sozialstruktur*, Wenzel, U., Hartig, M. (Hsg.), pp. 180–202. Hamburg: Hoffmann & Campe
155. Reduktionismus in der Psychologie. In: *Die Psychologie des 20. Jahrhunderts*, Bd. IV: Pawlow und die Folgen. Von der klassischen Konditionierung zur Verhaltenstherapie, H. Zeier (Hsg.), pp. 614–622. Zürich: Kindler
156. Luria, A.R., Hutton, J.T.: A modern assessment of the basic forms of aphasia. *Brain and Language* 4, 129–151

157. Luria, A.R., Majouski, L.V.: Basic approaches used in American and Soviet clinical neuropsychology. *American Psychologist* **32**, 959–968
